

Moke Wu

PhD Candidate in Economics

Department of Economics, University of Strathclyde

Glasgow, UK | moke.wu@strath.ac.uk

RESEARCH FIELDS

Fields: Applied Macroeconomics; International Macroeconomics and Finance; Bayesian Macroeconometrics

Research Interests: Geopolitical Risk; Macroeconomic Transmission; Vector Autoregressions; Time-Varying Parameter Models

EDUCATION

University of Strathclyde

PhD in Economics

Glasgow, UK

Oct 2025 – Present

Supervisors: Dr Sharada Nia Davidson, Dr Ping Wu, and Prof. Gary Koop

Funding: University Student Excellence Award (SEA) Studentship

University of Edinburgh

MSc in Mathematical Economics and Econometrics

Edinburgh, UK

Sep 2024 – Aug 2025

Degree Classification: Merit; **Ranked 1st out of 78 students**

Dissertation: *Intellectual Property Right Trade Barrier and High-tech Product Export: A Panel Data Analysis*

Zhejiang University of Technology

BA (Hons.) in Finance

Hangzhou, China

Sep 2020 – Jun 2024

GPA: 4.47/5.00 (95/100); **Ranked 1st out of 164 students**

WORKING PAPERS

The Transmission of Global and Country-Specific GPR: International Evidence from 50 VARs
with Sharada Nia Davidson

WORK IN PROGRESS

Macro-Financial Transmission of Geopolitical Risk
with Ping Wu and Sharada Nia Davidson

PRESENTATIONS

2026 Scottish Graduate Programme in Economics (SGPE) Conference, Crieff, UK
The Transmission of Global and Country-Specific GPR: International Evidence from 50 VARs

2026 Annual PGR Review, Department of Economics, University of Strathclyde *Internal*
The Transmission of Global and Country-Specific GPR: International Evidence from 50 VARs

FELLOWSHIPS, SCHOLARSHIPS & AWARDS

University Student Excellence Award (SEA) Studentship Oct 2025 – Present
University of Strathclyde

First-class Scholarship for Outstanding Students (Top 2%) 2021, 2022, 2023
Zhejiang University of Technology

Honorable Mention, Mathematical Contest in Modeling (MCM) Feb 2023
Consortium for Mathematics and Its Applications (COMAP)

Zhejiang Provincial Government Scholarship 2021, 2022
Zhejiang Provincial Government

TEACHING EXPERIENCE

University of Edinburgh

Edinburgh, UK

Tutor, ECNM11049 Advanced Time Series Econometrics (MSc)

2026; 2027 (scheduled)

Tutor, ECNM11089 Econometrics 2 – Time Series (MSc)

2027 (scheduled)

University of Strathclyde

Glasgow, UK

Tutor, BF114/BF115 Introduction to Economics and Business Analysis (Undergraduate)

2026

SELECTED EARLIER RESEARCH EXPERIENCE

The Impact of Digitally Empowered Banking on Agricultural Income

Jun 2023 – Mar 2024

Core Member

- Processed hand-collected survey data for 344 households in Jiaxing City using Stata and examined production incentives and credit allocation as potential transmission mechanisms.

Suburban Smart Health and Wellness

Jun 2022 – Sep 2023

First Author

- Led a four-member research team examining operational models in the suburban healthcare sector and developed an analytical framework based on field visits and industry evidence from Hangzhou.

Digital Transformation of Rural Financial Institutions

Jun 2022 – Nov 2022

First Author

- Constructed an evaluation framework for rural digital financial services using cluster analysis and analysed data from 155 financial institutions using SPSS and a two-stage empirical approach.

Digital Inclusive Finance and High-Quality Economic Development

Aug 2021 – Jun 2022

Core Member

- Constructed provincial measures of economic development using entropy weighting and employed instrumental-variable and quasi-natural-experiment approaches to examine the relationship between digital finance and economic development.

TECHNICAL SKILLS

Statistical & Programming: MATLAB, Stata, Python, R (Teaching use)

Other Tools: L^AT_EX, EViews, SPSS, Microsoft Office

Languages: Chinese (Native); English (Fluent)
